

# REACHING FOR TOMORROW

Annual Report FY 2013-2014

# REACHING FOR TOMORROW

Dear friends,

A year ago, the UCP Seguin Foundation was just getting off the ground. Now we're stretching our wings and reaching for tomorrow.

When UCP of Greater Chicago merged with Seguin Services in July 2013, two great opportunities unfolded before us. First, we saw a chance to bring our services together, making our programs broader and stronger. Today UCP Seguin offers services for every age and every stage of life.

Children come to UCP Seguin for education, assistive technology support, and so much more. Foster care and adoption services are now available, along with help to make the transition from childhood to adult living.

As always, adults can count on UCP Seguin for life-skills training, employment services, and assistive technologies. Now they can also turn to us for residential services—Community Integrated Living Arrangements where adults with special needs get 24-hour care in a single-family home. And when they face the needs of aging, UCP Seguin will still be there to give them support.

Ramp Up keeps opening new doors for people with mobility issues. By making homes accessible for everyone who lives there, Ramp Up ensures that families can stay together and people with disabilities can be part of their community.

Look toward the next horizon, and you'll see Infinitec pointing the way to infinite potential through technology. This far-reaching program now extends to four states and keeps pace with the ever-quickenning pace of change.

And let's not forget our services for educators or our durable medical equipment access, computer recycling and respite support for caregivers. Yes, UCP Seguin covers a lot of ground, and every day the reach extends a little farther.

The UCP Seguin Foundation helps make all that possible. We provide funding for UCP Seguin programs and services, reaching out to those who need it most. We do it with vision and vigor—and we do it with the support of our generous donors.

Read on to learn more about the goals we have reached this year and the opportunities that lie ahead. We're on our way to a world of life without limits for people with disabilities.

Come along, and we'll reach it together.

Sincerely,

Paul J. Dulle, Ph.D.

President & CEO, UCP Seguin Foundation

Don Bartecki

Chairman, UCP Seguin Foundation Board of Directors

MISSION STATEMENT

UCP Seguin of Greater Chicago believes in a world where children and adults with disabilities achieve their potential, advance their independence and act as full members of the community. We strive to make this world a reality—in Illinois and beyond, for people at every stage of life—by leveraging technology to provide innovative training and education programs, family support, employment and life-skills training, and residential services.

## UCP SEGUIN SERVICES: EXTENDING OUR REACH

### Children & Families

- > Foster care
- > Adoption
- > Transition services (childhood to adult)
- > Educational services
- > Assistive technology support
- > Home modification

### Adult Services

- > Employment services
- > Residential services
- > Life-skills training
- > Support for the aging
- > Assistive technology support
- > Home modification
- > Recreation

### Support Services

- > Educator training
- > Durable medical equipment access
- > Computer/device recycling, refurbishment and redistribution
- > Respite support

The UCP Seguin Foundation was created in July 2013 to raise funds supporting the newly combined operations of UCP and Seguin. This year the foundation made its inaugural grants for three important UCP Seguin projects.

## UCP SEGUIN FOUNDATION: FUNDING OUTREACH

### Technology Upgrades

Most of UCP Seguin's computers used an outdated operating system that left the agency open to security risks and unable to update its software. Costs for replacing the system totaled \$90,400. A grant from the foundation paid for 75 desktop and 10 laptop computers, allowing the UCP Seguin staff to work more efficiently and effectively. Parts from the old machines are being used to refurbish computers donated to school districts through UCP Seguin's ATEN program.

Grant amount: \$55,000

### Online Classroom

Infinitec's educational technology program serves schools in Illinois, Kansas, Minnesota and Pennsylvania. Naturally, the schools have different needs and goals. To meet them, Infinitec's online classroom had to become more flexible. It had to allow member school districts to upload their own content and share it with their people. This private content lets members use Infinitec's web systems to offer training they've custom-tailored to their needs. And the added flexibility makes Infinitec more attractive to more school districts. The new feature will roll out by year-end.

Grant amount: \$22,540

### iPad Compatibility

iPads are gaining popularity everywhere. Apple has sold about 225 million of them so far. For people with disabilities, the tablets are easy to use and offer a number of adaptive technologies to meet special needs. But, as every iPad user knows, the device doesn't work with Flash-based software—and the Infinitec Coalition website was built with Flash. Adapting to Apple's operating system is critical for the continued success of Infinitec's Online Classroom. A grant from the UCP Seguin Foundation will help fund that project, slated to start early next year.

Grant amount: \$31,420

UCP Seguin is grateful to the foundation for its help with these projects—and the foundation is grateful for the generous donor support that makes it all possible.

## GREAT CHEFS TASTING PARTY: REACHING NEW HEIGHTS

Every year, UCP Seguin's Great Chefs Tasting Party scales the heights of culinary delights. The 2014 party brought together a mix of new names and perennial favorites on the city's dining scene. Acadia. Carnivale. Happ Inn. Howells & Hood. Gibsons. Wood. Nearly 600 guests gathered to share the feast and bid on a cornucopia of auction items.
