Banding together to build a better foundation

UCP seguin of Greater Chicago

FOUNDATION

2015 ANNUAL REPORT

Jack, a freshman in high school with Lebers Congenital Amaurosis, can confidently – and comfortably – give a presentation to his class thanks to the use of a variety of assistive technology tools. An above-average student, Jack is a natural leader in the classroom, inspiring his peers and teachers to stay positive and live life with enthusiasm.

Dear friends,

For anyone who has ever endured the process of a significant home renovation, you may have had to deal with foundation issues. Questions raised by you and your building team may have likely included:

Is it solid?

Has it been compromised?

Can it support the weight?

Can I afford to fix this?

Can I afford not to?

In 2013, we believed we could do more to provide life without limits for people with disabilities by strengthening our foundation through the merger of UCP of Greater Chicago and Seguin Services. We believed that shoring up that foundation would allow us to do more. Be more. Serve more.

Two years later, on the most solid footing in our history, UCP Seguin Foundation is funding UCP Seguin programs and services to those who need it most at every age and stage of life. Grounded by our mission, we stand side-by-side with our leadership, board members, administrators, staff and generous donors, to create life without limits for more people with disabilities than ever. People like Charlie. And Cameron. And Olga and Jerry.

How do we expand our services to help children and adults with disabilities achieve their potential and advance their independence? Just like the family that is outgrowing its starter home: we add on to what already exists.

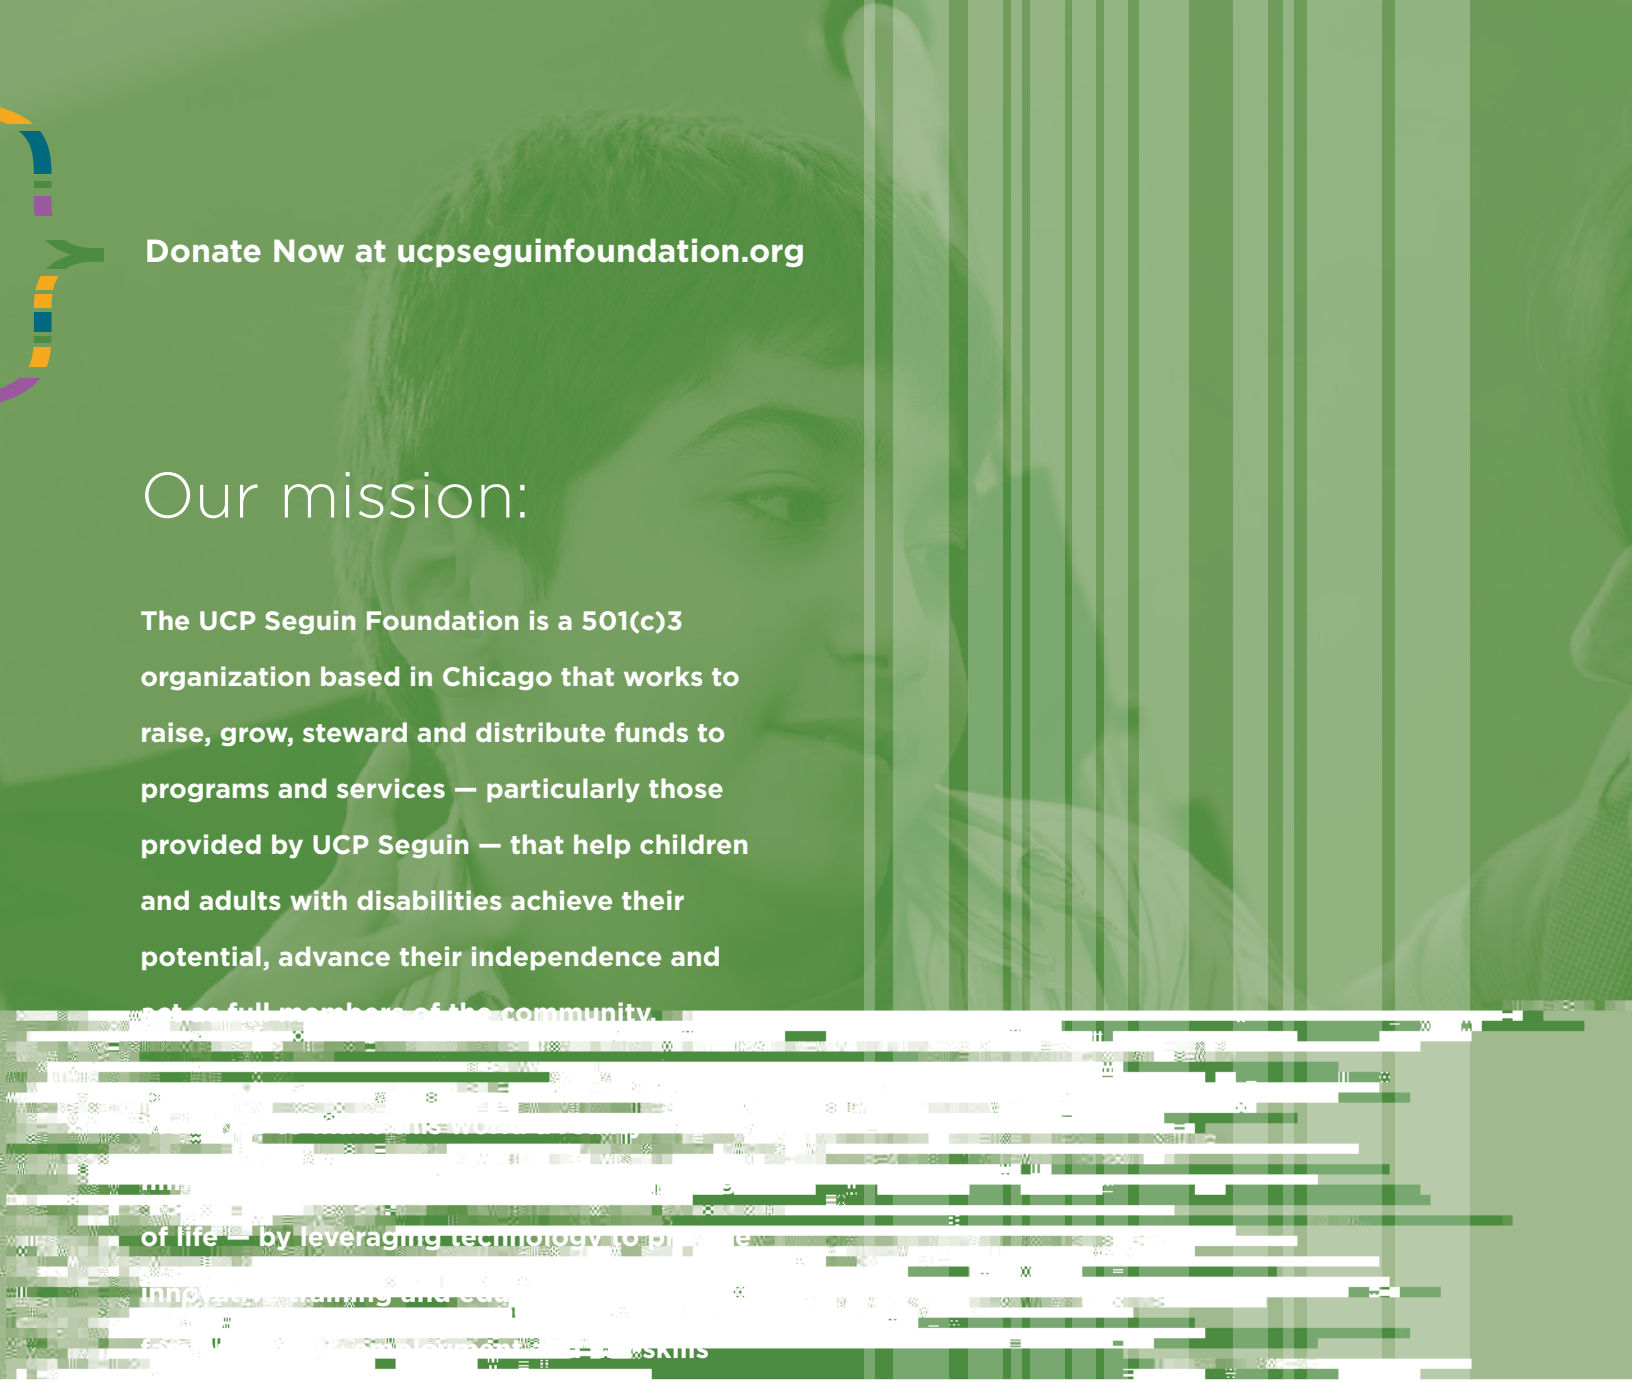
We build on our signature events like the Great Chefs Tasting Party (which saw an unprecedented 50% profit increase this year) and Chip In Fore Hope Golf Classic. We build on our fundraising efforts by introducing a major gifts program. We build on the relationships that continue to open doors for our organization and the programs and services we fund.

For all of the support you've provided to get us to where we are now, thank you.

With our solid foundation, we believe everything is possible.

Paul J. Dulle, Ph.D., President & CEO
UCP Seguin Foundation

Don Bartecki, Chairman
UCP Seguin Foundation



Donate Now at ucpseguinfoundation.org

Our mission:

The UCP Seguin Foundation is a 501(c)3 organization based in Chicago that works to raise, grow, steward and distribute funds to programs and services — particularly those provided by UCP Seguin — that help children and adults with disabilities achieve their potential, advance their independence and

Events:

We do more than just throw a party! Connecting and engaging with the community through the Great Chefs Tasting Party and Chip In Fore Hope Golf Classic keeps us focused on our mission as we reach out to both long-time and brand new donors as well as event sponsors to help make each year's event "the best ever." And we aren't the only ones focused on our mission! For more than two decades, we've had the fortune of serving as beneficiary of both the Burke Beverage Golf Outing and the Southside Scramble. This year, Chef David DiGregorio sent us the proceeds of Osteria Via Stato's 10th Anniversary event. And at the suggestion of 11-year old Nolan in the Southwest suburb of LaGrange, Illinois, UCP Seguin Foundation was gifted the proceeds from the Highlands Elementary school's annual variety show.

Thank you to all of our donors and event sponsors and for those who believe in what we do enough to host an event to benefit our work. With your help, everything is possible.

Cameron and his parents were worried what would come next after aging out of special education. Building Bridges to the Future put those worries to rest. Now, Cameron spends his days in UCP Seguin's adult day services where he is getting vocational training in the Portillo's Learning Kitchen and washing cars in UCP Seguin's Auto Center. Most importantly, he is finding his way as an adult in the world.

Progressive degenerative bone disease caused reoccurring paralysis to Doretha's lower extremities, necessitating her use of a wheelchair at all times. In her mid-80s and unable to exit or enter her Chicago home, Doretha feared her next step would be transitioning to a nursing home. Ramp Up equipped her home with an exterior access ramp so she can go shopping and attend doctor's appointments and church. Doretha no longer feels trapped.
