

ANNUAL REPORT FOR FY 2023 & FY 2024

MISSION STATEMENT

UCP Seguin Foundation is a 501(c)3 organization based in Chicago that works to raise, grow, steward, and distribute funds to programs and services – particularly those provided by UCP Seguin – that help children and adults with disabilities achieve their potential, advance their independence and act as full members of the community.

We strive to make this world a reality – in Illinois and beyond – for people at every stage of life – by leveraging technology to provide innovative training and education programs, family support, employment and life-skills training, and residential services.

Our vision is that all people, regardless of ability, will be valued, active members of their schools, the nation's workforce and the communities where they live.

For years, the Foundation's main focus has been our partnership with Infinitec, funding their assistive technology and training program for children and adults with disabilities, specifically those who struggle to use their voices.

These technology tools have impacted every aspect of our clients' lives. At home, they can share their thoughts, their ideas—and their sense of humor—with their loved ones. At school and at work, assistive technology enables them to navigate classwork and actively participate in community life.

Our consumers are forging new paths to bright futures—a far cry from the isolation and loneliness once faced by those who struggled to speak. This is the Foundation's mission: a life without limits for people with disabilities.

As we look forward, we remain committed to building on our legacy of success, committed to ensuring our customers reach their full potential — and we do it with deep gratitude for the support of our generous donors.

Thank you to all who have contributed to our mission through donations, sponsorships, and leadership. Your support has helped us create a more inclusive and supportive community for individuals with disabilities.

Sucan O Donovan

Warm regards,

Jim Garvey Chairman

Susan O'Donovan President & CEO

JASON

Jason is an 18-yearold National Honor Society student and a self-published author

MADISON

Madison is a 19-yearold who enjoys traveling, dancing, and taking selfies

Jason is widely admired for his unwavering dedication to his education, resilience, and ability to inspire others. By leveraging technology, Jason has been able to excel academically and be an involved member of his school and community.

He frequently makes videos, stories, memes, and flyers to express his creativity, and even wrote a novel that he shared with his fellow students and teachers!

He's also an active member of his high school's Special Olympics team and art club. In addition, Jason participates in the culinary program at Wilco Area Career Center. Jason's commitment to his studies and his involvement in extracurricular activities are a testament to his passion for learning and personal growth. And despite facing challenges, he has consistently demonstrated remarkable perseverance and a positive attitude! His leadership qualities and ability to motivate his peers have made him an exceptional role model for all students, particularly those with disabilities.

Jason has shown that with determination and the right tools, one can overcome any obstacle and achieve success.

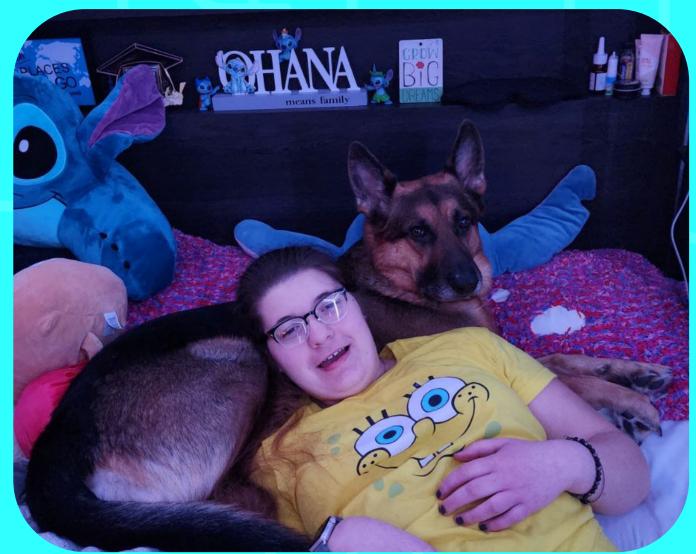

MEET Cadison

Madison is a very social young adult who can now share her fun personality with the help of her iPad with T.D. Snap Core First. The device has also enabled her to better communicate her thoughts, ideas, and desires, and showcases her intelligence and sense of humor.

In addition to her communication device, Maddy uses Gmail, Alexa, Dashboard, YouTube, Colorfy, and other social media programs on a daily basis to deepen relationships with her friends by sharing personal events and stories.

She enjoys fashion and is a great friend who gives "shout outs" over her school's PA system to recognize various students and classrooms for their hard work.

Madison is also a part of her school's speech marketing team, and interviews other students about the products that they make and sell. This program is recorded and posted to social media. Maddy loves to be in front of the camera, so this is the perfect fit for her!

Maddy attends the Adult Transition Program, where she trains in a day program to help clean and take care of buildings within the community. She is also an active participant in Special Olympics Bowling and Unified Special Olympics Social Club, where she and her friends do arts and crafts, play games, make treats, and socialize.

Maddy is described by her teachers as a kind and caring individual who enjoys life. They shared that while she has faced many hardships, she lights up every room with her laugh, smile, jokes, and optimism and is determined to make the best out of whatever life brings her way.

Our annual Golf Outing continues to grow, with our 2024 event the most successful one so far. Hosted at the beautiful LaGrange Country Club, the Burke Beverage Chip in Fore Hope Golf Outing is an ultimate afternoon of summer fun—18 holes of golf, lunch, refreshments, cocktails, and dinner.

Thank you to our sponsors and attendees who supported the event both in 2023 and in 2024. Your generosity helps us build a world where all people, regardless of ability, are valued, active members of their schools, the workforce and the communities where they live.
